## TEACHING EXPERIENCE

*Student Teacher*, Seymour High School, Seymour, WI..... Jan 2020-March 2020

- Differentiated lessons, assignments, and assessments for individual students needs and engagement based on Howard Gardener's theory of Multiple Intelligences
- Evaluated students' written work and provided detailed feedback on how to improve writing, particularly through the use of literary elements
- Engaged in one-on-one discussion with students to encourage their writing and reading development, and establish awareness of individual backgrounds
- Successfully incorporated Smart Board and Mac technology into daily lessons through allowing students a different medium for presentations and interacting with content specific documents
- Planned and Implemented lessons for common core district wide standard-based learning
- Modified lesson plans, classroom procedures, and classroom layout to meet the needs of students with learning exceptionalities, including ADD/ADHD
- Communicated student progress efficiently with parents and students during parent-teacher conferences
- Partnered weekly with a collaborative learning team (CLT) to plan and reflect on the successful implementation of each lesson, as well as to gauge student learning
